

How to Raise Your Pet GREEN

Free to the Public!

- Join us for a discussion regarding your pet's impact on the environment. Learn some simple changes you can make to reduce their overall **carbon pawprint**.
- Get tips on eco-friendly alternatives and discover what's best for the environment, your pet, and you.
- Listen as professionals from Animal Medical Center of Chicago (a local veterinary hospital), environmental educators, and store owners discuss green pet ownership.
